## Cisco Ideathon 2020

Dear Partners,

We are pleased to launch of the second chapter of **Cisco Ideathon 2020** on Monday, 24th August 2020. A platform that gives an opportunity to students with potential and creativity to be a part of Cisco's technological innovations. The program enables qualifiers achieve internship and subsequent full-time placement opportunities.

The program this year expands to covers Engineering, IT, Supply Chain functions in addition to CX. It captures more geography 18 states and expands to 200 colleges resulting into applications of 15,000 students. So, let us prepare and bring together these talented futurists and unleash their creative side.

Join us in spreading the word and inviting bright and innovative minds as we look forward to the successful run of the second chapter of Ideathon and wait for the next cohort of talent joining us.
